

Corn-on-the-cob made easy

Chef'n introduces set of four interlocking, over-sized corn holders

Seattle, WA – The Chef'n Corporation will launch its Corn Holders at the International Home and Housewares Show in Chicago, Ill. March 14-16.

With the Chef'n Corn Holders you can enjoy hot-off-the-grill corn-on-the-cob safely and easily. The Corn Holders' large, easy to hold handles are great for hands both big and small. No burnt, sticky fingers at this barbecue!

The perfect summertime accessory, the Corn Holders' fun, corn kernel shapes make them easy to find in your gadget drawer. Keeping storage and retrieval safe and convenient, the Corn Holders' stainless steel tines are designed to interlock. No finger pricks, no more wasting time searching for missing pieces – just corn to eat and a BBQ to enjoy. Oh, and the face-covered-in-corn thing you've got going on? That's a good look for you. We recommend you try it more often.

Pop the Corn Holders into the utensil rack of your dishwasher for a quick and easy clean.

Available in Lemon as a set of four. Suggested retail: \$9.99. Available Spring 2010.

About Chef'n Corporation

Since being founded in 1982, Chef'n has become a housewares leader by creating fun and innovative products. Headquartered in Seattle, WA, Chef'n boasts an in-house product design team headed by David Holcomb, the company's founder and CEO. The Chef'n product line includes international favorites such as the PepperBall®, the PalmPeeler™ and the SleekStor™ Collection. The Chef'n logo, name and all products and product names mentioned in this release are the property of Chef'n Corporation.
